Waste-Resource Management Regulations made pursuant to the Environment Act.

- 2.2** Pursuant to the Inter-municipal Services Agreement among the members of the *Authority* it is agreed to establish a *Western Region* Solid Waste-Resource management *Authority* By-law for the efficient and consistent execution of the *Authority's* mandate throughout the *Western Region*. Accordingly, this bylaw may make necessary or incidental references to places or facilities within the *Western Region* that are outside of the geographical boundaries of this municipal unit and it is intended that any such references in this bylaw be construed and applied in a manner consistent with the provincially-mandated regional approach to solid waste-resource management.
- 2.3** The *General Manager* of the *Authority* is the chief administrator of the *Authority* and is responsible to the *Authority* for the proper administration of its affairs in accordance with provincial legislation and regulations and the policies and plans approved and established by the *Authority*. The *Manager* or appointed delegate shall administer and enforce the provision of this by-Law.

3.0 Evidentiary Burden

- 3.1** In the absence of evidence to the contrary, if any waste which is deposited or placed in contravention of this by-law bears thereon identifying information connecting that waste to a particular individual or business then that individual or business shall be deemed to have personally deposited or placed the offending solid waste or caused or permitted it to be so deposited or placed.

4.0 Prohibitions

- 4.1 Illegal Dumping** - No person shall dispose of *waste-resources* in the *Western Region* except at facilities permitted by Sections 19 and 31 of the provincial Solid Waste-Resource Management Regulations or, where such permission is not required, as may be permitted by this by-law.
- 4.2 Waste-Resource Burning** - No person shall burn *waste-resources* in the *Western Region* in a barrel, stove or other device or in the open as a method of waste disposal, except for brush, tree limbs and milled wood that is free from adhesives,

occupant or owner.

- 4.7 No person shall place solid waste for collection on a property other than a property owned or occupied by that person or in respect of which the person has obtained the consent of the owner or occupier for that purpose.

5.0 Source Separation Requirements

5.1 **Residential Waste-Resources** – The *Authority* may by resolution make policy concerning source separation of waste resources. All *waste-resources* being generated from a residence shall be source-separated for collection by the occupant into categories according to the *Authority's* source-separation policy as determined from time to time by the *Authority*. It is the responsibility of the resident to ensure that they have possession of an approved *green cart* for organic material collection unless they can demonstrate they utilize both a backyard composter and a green cone.

5.2 **Industrial, Commercial and Institutional (IC&I) Waste Resources** - *IC&I* sector establishments shall sort *waste-resources* so as to comply with the provincial and the *Authority's* disposal bans (see sections 4.3 and 4.4). Establishments *eligible* for and using a *Participating Member's* Collection program shall comply with the Residential Source Separation Policy.

5.3 **Public Waste-Resources** – The *Authority* may by resolution make policies concerning public *waste-resources*. Those responsible for publicly accessible waste-resource receptacles in stores, parks, campgrounds, on public streets, or other areas shall ensure that receptacles are available to the public to receive source-separated *waste-resources* in accordance with this by-law and the *Authority's* Public Waste-Resource Policy.

6.0 Participating Member Collection

6.1 **Cart/Blue Bag/Residual Waste Container Placement** - *Carts*, blue bags, and *residuals* containers shall be placed at roadside for collection as close as practical to the edge of the street, sidewalk or roadway to facilitate efficient collection taking into consideration factors such as urban versus rural setting, winter snow clearing operations, etc. The distance shall not exceed 5 meters from the edge of the road.

- 6.1.1** All materials placed for collection shall be placed in front of and on the same side of the roadway as the *eligible premises* from which they have accumulated, except where otherwise dictated by existing collection contracts.
- 6.1.2** *Organics collection carts* shall be placed at roadside in an upright position with the lid closed.
- 6.1.3** In the case of multi-unit apartment buildings (3 or less), the owner shall be responsible to have sorted, separated waste placed at roadside on the appropriate day of collection.
- 6.1.4** Collection will take place on public streets and roads only except for: private roads maintained by the Nova Scotia Department of Transportation and Infrastructure Renewal or this municipal unit; mobile home trailer park roads; and roads on federal lands in cases where the cost of collection has been paid for by grant in lieu of taxes or other means, provided that all roads must be in acceptable condition for the contractor's vehicles.
- 6.1.5** For all other roads, the source-separated *waste-resources* must be brought to the nearest intersection with a public street or road and placed in accordance with this by-law, or to a drop-off depot provided by the *Authority* for that purpose, where it shall be collected.

6.2 Collection Times

- 6.2.1** *Waste-resources* shall be set out at roadside for collection between 6:00 AM and 8:00 AM of collection day. In the event of storm conditions preventing collection routes from being completed, it shall be the resident's responsibility to remove from the roadside the materials not collected and set them out again on the scheduled alternative collection day or the next regularly scheduled collection day.
- 6.2.2** Notwithstanding clause 6.2.1, in those areas that have Spring and Fall special collections materials for roadside collection shall be set out no earlier than seven (7) days prior to the special collection.

6.6 Owner and Occupant Responsibilities for Waste-Resource Management

The responsibility for the management of *waste-resources* in *IC&I premises* and residential tenancies is shared by the property owner and the occupant as follows:

6.6.1 Property Owner's Responsibilities

The property owner shall:

- a) provide waste-resource storage as set out in section 6.5;
- b) in cases where storage is inaccessible to the collection truck as prescribed in section 6.5 (vi), ensure that *waste-resources* are set at roadside between 6:00 am and 8:00 am for *Authority or Participating Member* Collection on collection day;
- c) maintain waste-resource storage in a clean and tidy condition at all times, both inside and outside, including the immediate surroundings;
- d) ensure that collection containers and uncollected *waste-resources*, including litter produced from set-out *waste-resources* by pests, weather conditions, or otherwise, are removed from roadside by the end of collection day; and
- e) abide by all directives of the *By-law Enforcement Officer* with regards to the handling of *waste-resources*.
- f) No person shall permit spillage, blowing or scattering of wastes within the Municipality.

6.6.2 Occupant's Responsibilities

The occupant shall:

- a) sort all *waste-resources* generated in the occupant's unit as provided in Section 4 of this by-law; and
- b) between collections, place sorted materials in the storage provided by the property owner.

- c) abide by all directives of the By-law *Enforcement Officer* with regards to the handling and sorting of *waste-resources*

6.7 Residential Inspection and Rejection Guidelines

Waste-resources set out for *Authority* or *Participating Member* Collection shall be subject to inspection by the collection contractor or by *Authority* or *Participating Member* staff. *Waste-resources* found not to be source-separated according to the *Authority's* source-separation policy may be rejected and not collected.

6.8 Prohibitions

No person shall:

- 6.8.1** pick over, remove, disturb or otherwise interfere with any waste material that has been set out for *Authority* or *Participating Member* collection except that material which is set out for Spring or Fall special collections;
- 6.8.2** collect *waste-resources* placed for collection by the *Authority* or *Participating Member*, or
- 6.8.3** remove a *residuals* container or *organics collection cart* placed at curbside.

These prohibitions do not apply to the person who placed the waste material out for collection or to the *Authority*, *Participating Member* or its contractors.

7.0 IC&I or Construction and Demolition waste-resources

7.1 IC&I Waste-Resource Removal

The property owner or occupant of premises which generate the following *waste-resources* shall, either personally or by employees, contractors or agents, and in compliance with all applicable Federal, Provincial, Municipal and *Authority* laws, promptly remove and dispose of such waste:

- 7.1.1** all waste generated by any *industrial, commercial or institutional premises*, facility or operation not *eligible* for *Authority* or *Participating*
