Municipal Council,

**RE: Private Road Naming: Legacy Lane, South Ohio**

The Street Naming Policy (S-844-23) requires that names for private roads created through subdivision or otherwise must be approved by Council. An application has been received for a subdivision of PID 90150616 off the Rose Rd in South Ohio that includes the creation of a private road. The owner of the property has completed a road name petition and put forth “Legacy Lane” as the desired name. I have confirmed that the desired name complies with the Road Naming Standards and Guidelines set out in the Street Naming Policy.

I suggest that Council approves the street name “Legacy Lane” for the private road in question.
