

CIVIC SIGN PROGRAM

Municipality of Yarmouth
932 Highway 1
Hebron, NS B5A 5Z5

Phone: (902)742-9691 Fax: (902)742-7557

All property owners are eligible to apply for a civic sign and/or post for any developed property in the Municipality. Initial civic signs for each Property ID (PID) are being offered free. Posts purchased with a civic sign are being offered at half price or \$23.00 HST included. Replacement cost for civic signs is \$16.50 HST included. Replacement or purchase of a post alone is \$46.00 HST included.

Schedule A

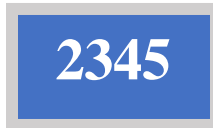

Posting of civic numbers

Posting of Civic Numbers

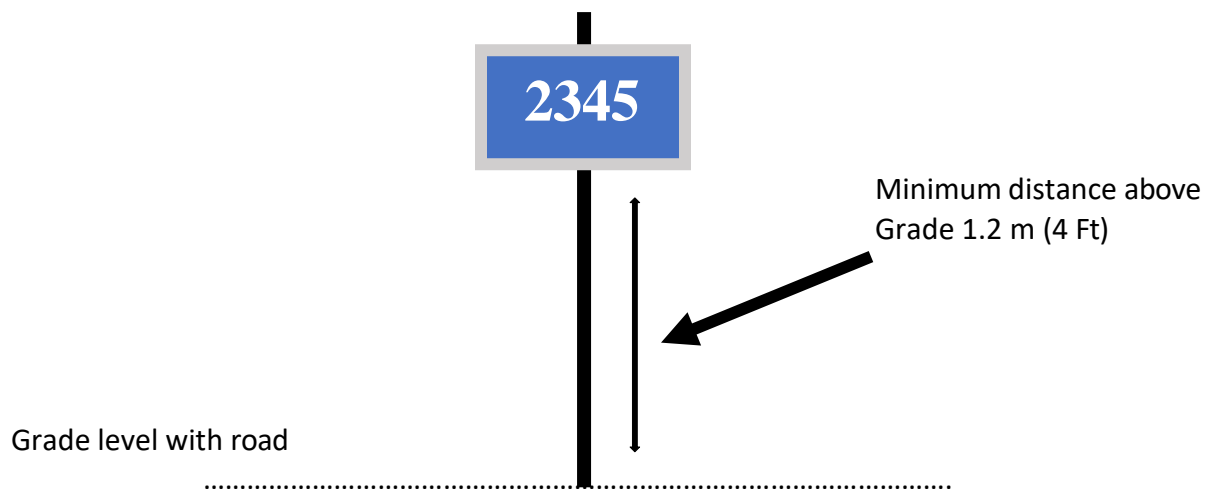

Size of numerals

7.5 cm (3") in height

2.5 cm (1") in width

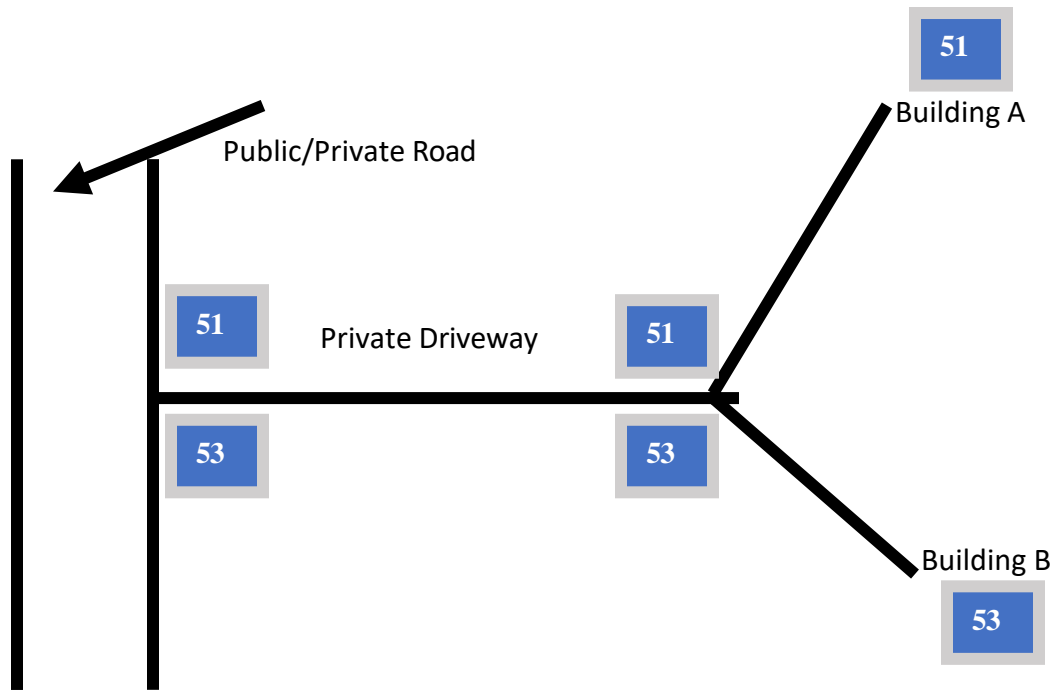

White numerals on a blue background and reflective

- Civic numbers shall be posted in a location and in a manner so that they can be clearly seen from both directions at least 15m (49 ft) of the road.
- Civic numbers shall be posted on the same side of the road for which the civic number was assigned.
- Civic numbers shall be displayed horizontally using standard Arabic numerals, (0, 1, 2, 3, 4, 5, 6, 7, 8, & 9) left to right.
- The size of the civic numbers shall be 7.5cm (3 inches) in height and 2.5 cm (1 inch) in width.
- The color of the numbers shall be white on a blue background and reflective.
- The bottom of the numerals shall be located at an elevation of 1.2 meters (4 ft) above grade level with the road.
- In the event that the building is located within 6m (20 ft) from the closest edge of the traveled portion of the road, the civic number may be posted perpendicular on the building or lot provided it is visible from both directions, placed on the same side of the road and at least 3.5m (12ft) from the closest edge of the traveled portion of the street or private road upon which the building is situated.

Schedule B

Private driveways with more than 1 civic address

-
- All civic numbers must be displayed where the public/private road meets the private driveway
 - All civic numbers must be displayed where the private driveway branches off to the individual buildings or lots
 - The civic numbers should be displayed on each building or lot

Guidelines for Installing your Sign

The civic number shall be displayed on the same side of the road as the building or property is located.

The distance between the bottom of the numbers and the ground should be at least 1.2 metres or (4 feet)

The posted civic sign should be no more than 3.5 metres (11.5 feet) from the closest edge of the traveled portion of the road which forms part of the civic address for the building or lot.

The sign should be perpendicular to the road and be clearly visible from the roadway from both directions.

The numbers on the sign should not be less than 7.5 cm (3 inches) high and 2.5 cm (1 inch) wide.
